

**71 Alafia Drive  
Sarasota, FL 34240  
www.mrsal.com**

### **Job Duties**

Design, develop, enhance, install, support and maintain applications and services for our customers in a manner that enhances or expands the customer's mission collection and exploitation capability, and to perform this service while continually striving for higher quality and end-user satisfaction in our work and products.

### **Qualifications:**

We are seeking an entry-level engineer/science major with strong hands-on programming skills, a high degree of drive and dedication, and the ability to learn quickly. This is an opportunity to join a focused and dedicated employee-owned company. The position is open to engineering professionals with experience designing, implementing, and maintaining "sense-making" intelligence systems.

- B.S. or M.S. degree in Computer Science, Computer Engineering, Electrical Engineering, Physics, or equivalent, 0-4 years minimum experience and with coursework and practical experience in programming.
- Experience with data science concepts and tools such as Pandas, data wrangling/normalization, pattern and cluster processing, regression, and data mining.
- Experience with programming languages and systems including some reasonable combination of Python, Java, C/C++, Matlab, scripting, and Linux.
- Bonus for demonstrable experience in applying best practices in software engineering.
- Bonus for experience with Machine Learning concepts and tools such as TensorFlow, Keras, scikit-learn, or PyTorch.
- Bonus for Digital Signal Processing experience.
- Must be able to think independently and solve algorithmic design puzzles effectively in code.
- TS/SCI clearance required so you must meet eligibility requirements for access to classified information. U.S. Citizenship required.

### **Benefits:**

Employees/owners of MRSAL receive competitive wages and benefits.

- Low-cost premiums for Medical, Dental and Vision
- Company paid Life & AD&D, Short and Long-Term Disability
- Voluntary coverage for Supplemental Life & AD&D, Cancer, Disability, and Accident Insurance
- Flexible Spending Programs
- Paid Time Off (PTO) plan for vacation, sick and holidays
- 401k Plan
- Employee Stock Ownership Plan
- Discount Programs
